Williscroft Is New President of the Union

Increase Over Last Year in Total Number of Votes Polled

ALL CONTESTANTS FROM SCIENCE '16

Newly Elected Officers Have Promised Many Reforms in Union Management

In the elections held yesterday for President and Vice-President of the Union, the successful candidates were George M. Williscroft and R. C. MacLachlan.

The total number of votes polled was 349, a slight increase on the number recorded in last year's elections. The actual voting was as follows:

For President—
G. M. Williscroft, 182.
C. R. Gibbs, 167.

For Vice-President—
R. C. MacLachlan, 189.
E. S. Schellens, 155.

It will thus be seen that the contest especially for the Presidency of the Union, was very close, Williscroft winning by a majority of 15 votes.

All four contestants were from the same class, Science '16, and taking this into consideration, the vote cast was larger than might have been expected, as undoubtedly the students of Arts and Medicine not having any candidates in the field, were not as interested in the election as they might have been. However, all four are very popular with their fellow-students in Science, who evidently turned out in force to the voting.

George Williscroft came to McGill in the fall of 1911 and has always been a prominent figure around the Union. He is a Westerner, hailing from Victoria, B.C., and a good athlete, having had his place on the senior basketball team for three years, and also on the second football team for two years.

R. C. MacLachlan has also been a strong supporter of the Union since his arrival at McGill. He, too, is a member of the second football team. The new President and Vice-President made some interesting pre-election promises which, if adhered to, should be of advantage to members of the Union.

As usual, better dining room service is promised. Also stricter observance of house and billiard room rules, economical and efficient service to the undergraduate body, improvements in the reading room, and opportunity to be given to the Daily and societies to hold their meetings in the Union. All things considered, the Union has bright prospects for the coming year.

COMMISSION FOR MCGILL GRADUATE IN BRITISH ARMY

Word has reached Montreal that Harold Hemming, who graduated with Arts '14, has been made adjutant in the Royal Field Artillery. Hemming was a prominent member of the McGill C.Y.T.C. from the time of its inception and when war broke out last fall, he obtained a lieutenantcy in the British army. His many friends in this city will be delighted to head of his latest advance, which was obtained after consulting a course of instruction at Colchester and Shoburness.

C.R. Mackenzie President of Arts Undergrad Society Should Have Flourishing Year in 1915-16 Under His Management

Poling a vote more than double that received by his opponent, C. Russell Mackenzie, Arts '16, was yesterday returned as President of the Arts Undergraduate Society, over Paul P. Hutchison, Arts '16. The total vote polled was 164, 108 in favour of Mackenzie and 56 in favour of Hutchison. This is less than the vote polled in the Faculty of Arts last December at the election for the Arts representative for the Students' Council.

The new President hails from Nova Scotia and is a past student at the North Sydney, C.B., High School. There he took part in sports and other school activities. At McGill he has been a member of the executive of the Maritime Club, of the Junior Dance Committee, and was some days ago elected chairman of the Senior Play Committee. In addition, Mr. Mackenzie has devoted considerable attention to athletics and more especially to hockey, being a member of the inter-collegiate team during the season just closed.

Under the capable management of Mr. Mackenzie the Arts Undergraduate Society should have a very flourishing year in 1915-16.

CONSTITUTION OF THE MCGILL DAILY

1. Name.—The undergraduate paper of McGill University shall be called the McGill Daily.

2. When Published.—The McGill Daily will be published daily except Sunday by the Students' Council, during the college session, from about October 1st to about the middle of March (except between the middle of December and the opening of college in January).

3. Subscribers.—All undergraduates who pay the subscription fee and others who pay the subscription which from time to time shall be determined by the Managing Board, shall be subscribers.

4. Purpose.—As the official organ of the Undergraduate Body, the McGill Daily will be issued to convey the news of student activities to its readers, impartially.

5. Control.—The Students' Council shall have final authority in all matters pertaining to the paper.

6. Managing Board.—There shall be a Managing Board, which shall consist of the President of the Daily, Editor-in-chief, Managing Editor, Secretary-treasurer of the Daily, and the Circulation Manager.

7. Election of the Managing Board.—(a) The President of the Daily shall be elected by the Students' Council from one of its own members.

(b) The Editor-in-chief shall be appointed by the Students' Council on recommendation of the President.

(c) The Managing Editor shall be appointed by the Students' Council on the recommendation of the President and the Editor-in-chief.

(d) The Secretary-treasurer of the Daily shall be the Secretary of the Students' Council.

(e) The Circulation Manager shall be appointed by the Students' Council.

8. Meeting of the Managing Board.—(a) The Managing Board shall have the authority to receive and expend funds subject to the approval of the Students' Council.

(Continued on page 2.)

Many Science Students Are Granted Year

Fifty-one Students Are Granted Year or Degree by Faculty

W. S. Sutherland, President of the Science Undergraduate Society, last night informed the Daily that sixty-eight students had applied for the concessions which were to be made by the Science Faculty to students enlisting for the front. Of these sixty-eight applicants for their year or their degree eight had subsequently been rejected by the military authorities; five the Science Faculty has refused to grant any concession on the grounds of inefficiency; in the case of four applications men who have given their year should they upon their return be able to show that they are qualified. The remaining fifty-one students were unconditionally granted their year or their degree, as the case might be.

Architectural Tea Delighted Hungry Juniors

Intrusion of the Seniors Did Not Mar This Successful Affair

Tea was dispensed in the Architectural Draughting Room yesterday afternoon to the great delight of the third year members of that department.

An appetizing display of pies, macaroons, dips, doughnuts, oranges, apples, and like delicacies was laid out on one of the tables and a group of hungry architects soon received an invitation to sit and share the sumptuous repast.

The host was attired in a charming gown of brown crepe-de-laine. Overalls, and other gowns worn were a marvel of architectural ingenuity.

An unfortunately early intrusion of the Seniors caused quite an entertaining diversion to those not participating in the feast, but after sundry small scuffles, the affair continued and was carried to a highly successful conclusion.

BRIDGE-TEA WILL AID THE GENERAL HOSPITAL

Nearly a thousand guests are expected at the Bridge-tea and musical affair in aid of the McGill University Hospital, which has been arranged by Mrs. John A. Macdonald, assisted by Lady Hingston, Mrs. H. H. Trihey, Mrs. R. DeLormier, Mrs. S. C. Marston, Mrs. J. C. Walsh, Mrs. Bennett Cox, Mrs. J. B. D. Legare, Mrs. W. P. Kearney, Mrs. Richard Barry, Mrs. Frederick Manly, Mrs. McCrory, Mrs. Quinn, Mrs. Kenneth Young, Miss Trihey, Miss Cox, Mrs. Edward Maxwell, Mrs. O'Connell and Miss Brown, and will be given at the Ritz-Carlton at three o'clock on Monday afternoon.

Old Numbers' Night for the Historical Soc.

Successful Meeting Last Night at the Home of Dr. Colby

A READING GIVEN ON TIMELY TOPIC

Relations Between U. S. and Great Britain During the Civil War

One of the most successful "Old Numbers' Nights" held by the Historical Club since its foundation eighteen years ago, was held at the home of the father of the club, Dr. Colby, last evening. About 22 members, past and present, gathered in that hospitable home to hear a most interesting paper by Mr. Place, a well-known lawyer in this city, and an enthusiastic member of the club during his college days.

Among those present were several of the charter members of the club and representatives of every phase in the club's history.

The subject chosen by Mr. Place was one especially fitting at this time, when so much interest centres on the blockade of Germany by the British fleet, and the barbarous reprisals of the Germans, namely, the "Relations between the United States and Great Britain during the Civil War."

Mr. Place brought up four causes which threatened to bring about grave complications in the relations of the two countries during the war.

The first of them was the recognition by Great Britain, before any other power, of the Confederate States as belligerents. Although their position seemed justified by the fact that the Southern States had established a provisional government, and that the Northern States had declared a blockade of the Southern ports, the States of the Union resented this action of Great Britain.

An incident which gave vim to hard anti-British demonstrations in the North, was the seizure of two envoys of the Confederate States to France and England on board the British steamer Trent by the crew of an American warship.

The blockade-running organized by British merchants established in the Bahamas, although perfectly allowable according to all international treaties, also tended to arouse public opinion in the States.

But the only cause in which there was any real cause for ill-feeling against England, was the building, without the knowledge of the British Government, of three war-ships for the Confederate States, in (Continued on page 2.)

Three More Men Leaving McGill For the Front

Popular Members of Science Faculty Are Sailing for England

The Science Faculty lost three very popular students yesterday when Dennis Baker, 15, Peter Buckley, 15 and D. T. McPhail, 16 left to sail for England to join the British Army. They have been granted their years by the Faculty and are now on their way across with the expectation of obtaining commissions when they arrive. All three were members of the O. T. C. and took great interest in it. Baker and McPhail were also members of the Rifle Club and had places on this year's championship team. Buckley has been prominent as a water polo player, English Rugbyist, and fencer.

All are good students and good fellows, and they take with them the good wishes of all their classmates.

New Orchestra To Give First Concert Monday

Miss Katherine Goodson Will Be Soloist at Dubois Orchestra Performance

The following is the programme for the initial concert by the newly organized Dubois Symphony Orchestra.

Miss Katherine Goodson, the noted English pianist, will be the soloist. The concert will be held in the Windsor Hall, on Monday evening:

Petite Suite d'Orchestre (Joué d'ensemble) Georges Bizet
1. Marche (Trompette et Tambour).
2. Berceuse (La poupee).
3. Impromptu (La Toupee).
Symphony Orchestra.
Cello solo, Concerto Op. 33; Saint-Saens.
M. P. Verder Meerschen.
Petite Suite d'Orchestre (continuation) Georges Bizet
4. Duo (Petit Mari, Petite Femme).
5. Galop (Le Bal).
Symphony Orchestra.
Piano solo, Concerto No. 1; F. Liszt.
Miss Katherine Goodson.
March Nuptiale d'une poupee, Charles Lecocq; Symphony Orchestra.
Piano Solo, Etude, F. minor; Chopin.
Etude, D. flat; Chopin; Scherzo, B. flat minor; Chopin; Miss Katherine Goodson.
"Sylvia" Ballet, (Suite d'Orchestre). Leo Delibes.
1. Prelude (Les chasseresses).
2. Intermezzo et Valse Lente.
3. Pizzicati.
4. Cortège de Bacchus.
Symphony Orchestra.

I Am Man's Best Friend!

A Song of Savings, by Merton C. Robinson.

- ☞ To see me is to love me.
- ☞ I—who put on the road to success any man who takes me as his companion.
- ☞ I—who as Man's companion do cause the eyes of all womankind to rest on him with approval.
- ☞ I—who have the power to attract the most lucrative employment.
- ☞ I am Man's chief adornment in his home, at his club, at his wedding, in his business and in his church.
- ☞ I keep his body warm and his mind at ease.
- ☞ My ways are the ways of the present, not of the past.
- ☞ My influence is that of refinement.
- ☞ My size is adaptable to my companion's stature.
- ☞ My shape is always the epitome of style.
- ☞ Rich and poor alike fall to my wiles.
- ☞ I can be stout or slender, sedate or chic—in either form or mood I am equally companionable.
- ☞ Expense-ridden Montreal offices, factories, and business houses cried aloud to me that the great burden of expense might be lifted and the pride of my possession might be yours. The Good Samaritan waved a wand and—I CAME.
- ☞ My arm reaches over the length and breadth of Montreal and places a savings account within the reach of many. I save any man more money than his wife spends on hair.
- ☞ To the man who prizes economy, sanity, style and efficiency, I am a wonderful discovery.
- ☞ I am not hard to approach, but you must "take the elevator" to find me.
- ☞ Various imitators have I, but no competitors.
- ☞ I represent safe, sound, sensible savings.

I Am Man's Best Friend.

I Am A Robinson Suit!

QUIPS

Good morning—Have you started plugging yet?

PERIODIC PUNK POEM

Give me a spoon of oleo, ma,
And the alkaloid alkali;
For I'm going to bake a pie, mamma,
I'm going to bake a pie.
For John will be tired and hungry, ma,
And his tissues may decompose;
So give me a gramme of phosphate,
ma.

And the carbon and cellulose,
Now give me a chunk of cassine, ma,
To shorten the thermies fat;
And give me the oxygen bottle, ma,
And look at the thermostat.
If the electric oven is cold,
Just turn it on half an ohm;
I want to have the supper ready
As soon as John comes home.

Now some one has started a "Live a little longer" movement. If you are afraid that you cannot live a little longer move over to Strathcona Hall and it will seem longer.

OUR WEEKLY MUSICAL COMEDY IN ONE ACT

Bright,
Light,
Night.
Miss,
Kiss,
Bliss.
Pa-r,
Bar,
Scar.

A TRAGEDY

Sam—What'll you fellows have?
Ed—I'll take a shoe gin.
Tom—Give me a Manhattan.
Ted—Make mine a Sanderson high-ball.
Bill—Let me have a cherry flip.
Sam—Waiter! Five beers.

A GAME
The sighing lover led a heart,
The girl for a diamond played,
Her father came down with a club,
And the sexton held a spade.

Take good care of farm tools. A crow-bar if carefully hoisted when not in use, may at a hundred years of age, be just as pry as ever.

LONELINESS
Though the single hair on the bald man's head,
Our fancy may appall;
The oyster in the oyster stew,
Is the loneliest of all.

We are led to the belief that 'round about this time of the year many moons ago, Galileo was born. Galileo was the first total abstainer to discover the rotary motion of the earth.

MED. '16.
Success is slow to young M.D.'s.
Who yearn for living good and fat,
They gain their titles by degrees,
And must have patients after that.

Many a man whose epitaph reads "Died at 30, May his soul rest in peace," ought to have a bottle of wine and a chorus girl engraved on his tombstone.

VERY SAD

A youth went forth to serenade
The lady he loved best,
And by her house at evening,
When the sun had gone to rest,
He wandered until daybreak,
And would have warbled more,
But the morning light disclosed the sign,
"To Let" upon the door.

Some men who can't repeat three of the commandments can remember the names of ten different kinds of booze.

EGGSACTLY.
On two door knobs the setting hen,
Stayed through the summer hot,
"It's hard," she said, "but if it works,
I'll have a nobby lot."

Fashion Hints

Parasols should be carried on sundays.
Persons attending services in poorly-heated churches are justified in making a cloak of their religion.
Gown jackets may be worn at the dinner table.
Silks with watered effects are popular with milkmen's wives.
The Smart Set is devoting a good deal of time to the costuming of their pet dogs.
Embroidered blankets during the winter and short pants in the hot weather are quite in order.
Shrinkable dress patterns should always be sponged before they are made up, but the custom of putting an overcoat "soaked" after it has been worn a while is still followed by gentlemen who are financially embarrassed.

FUNNY.
They say it is a paradox.
At least I think it queer,
A train may have an engine on,
And yet no engineer.

DO YOU KNOW—
THAT a look before the exams, is worth two after?

THAT the flower of the family is often a blooming nuisance?

THAT many a student who claims to be looking for knowledge, looks the other way?

THAT studying is not murder—it's suicide?

THAT if you find your Bible uninteresting, try the Quips column. It may not exactly lead you to salvation, but it may inspire you to read a book that will?

THAT you shouldn't be anxious to read the next Quip; you don't understand this one yet?

THAT the seat of war will need a lot of patching after this scrap is over?

THAT we know one girl who cares nothing for the modern fashions; she

McGill Twenty-Four Months Ago

From the McGill Daily of March 13, 1913

Much interest was evinced yesterday afternoon in the conferring of the honorary degree of Doctor of Laws on the Right Rev. William Boyd Carpenter, K.C., V.O. A large number of students and friends of the university were present. Dean Moyle, in recommending that the degree be conferred, paid a glowing tribute to Dr. Carpenter's close association with the inauguration of the co-operative theological scheme. The degree was granted on account of the worthy divine's reputation as a preacher and theological writer and his close association with the above mentioned theological movement. After the reading of the resolution, Principal Peterson admitted Dr. Carpenter to the degree.

will be two years old in April?
THAT you can write for the Quips column without having to read it?
THAT Mock Parliament looks like a Mock Parliament?
THAT X.Y.Z. had better cut it out P.D.Q.?

PERIODIC PUN

Hail to Civil '15, a class which boasts of a Monst-lisa with a Rib "Eden" with its garden and Free-land (after the All-"bargian" period), when Ross-mintanizm first was rampant. Good-bye, O shade of bygone days; never to return.

And the Broom-corn times have changed, and the Broom-corn times have changed. Lyons have made their appearance. Now in this era, behold, there Hovey Laid on board the merry ship "The Little" but he was not allowed to land. But this is what he said referring to these day-slacking war times, "Tom, the soldier, was idly sitting in the drafting room one day, when he heard Pen-knocking on the door instead of pressing the button as per Billet order No. 23, so he adjusted the wig, gazed on his rifle, hit the Bull, and rang the Bell. Enter two Tailors who dressed him by the right. "Some Pair-eh what!" Exit the merry ship.

And Civil '15 has her Big Nell. Paterson, leave it to Brisbane to Land "er Inn-as-much as it requires some Will-son to keep us company, so up you go to the Fritz-Carlton, near Lamontagne street, and there you'll find this Page like the Bonhomie you are, and hang it up with Staples, for it must last a thousand years to come.

X.Y.Z.
(Don't ask little Quips what it means, gentle reader, 'cause 'e don't know now. If 'e could, 'e would find out what or who did it, there will be a funeral. Friends and acquaintances are respectfully requested to stay away. Flowers will be welcome; we like violets best. Anyone else who ever perpetrated anything like the above, will be segregated and treated as an alien. The only reason we can suggest is that it is the weather.)

LAUNDRY MARKS

The laundry that I sent away
Was marked quite plainly, "T.J.K."
They sent it back, and gave to me,
A collar owned by "T. J. P."

It went again; I had to try
To wear the shirt of "M. S. L."
Once more they took it off, and so
I wore the things of "J. M. O."

And then—to mock at my distress—
Pajamas labelled "S. O. S."

The last just broke this heart of mine,
I can't wear things marked "Angeline."

Health Hint.—People who are always having hives should go into the bee business.

CONSTITUTION OF THE MCGILL DAILY

(Continued from page 1.)

(b) The Managing Board shall have the authority to dictate the editorial policy of the Daily subject to the approval of the Students' Council.

10. Meetings.—The Managing Board shall meet not less frequently than fortnightly.

11. Quorum.—A quorum of the Managing Board shall consist of four of its members.

12. Duties of the President.—(a) The President of the Daily shall preside at all meetings of the Managing Board and the Students' Council.

(b) He shall be the link between the Students' Council and the Managing Board.

13. Duties of the Secretary.—The Secretary shall be the link between the meetings of the Managing Board and the Students' Council.

(b) He shall keep the accounts of the Daily, receive and disburse the monies of the Daily, on the recommendation of the Managing Board, and the sanction of the Students' Council.

14. Duties of the Circulation Manager.—(a) The Circulation Manager shall be responsible to the Managing Board for the proper distribution of the Dailies to subscribers.

(b) He shall make it his especial duty to endeavor to increase the circulation.

(c) He shall report to the Managing Board the condition of affairs in his department at its meetings.

15. News Board.—There shall be a News Board, which shall consist of the Editor-in-chief of the Daily, Managing Editor of the Daily, and not more than eight men to be chosen by the Editor-in-chief on the recommendation of the Students' Council.

The President of the Daily shall be a member of the board, ex-officio.

16. Terms of Office of Members of the News Board.—The members of the News Board shall retire on the 1st of March, but are eligible for re-election.

17. Authority of the News Board.—The News Board shall have charge of the news in the paper under the Editor-in-chief and Managing Editor, subject to the approval of the President.

18. Meetings of the News Board.—The News Board shall meet not less frequently than fortnightly.

19. Secretary.—The News Board shall elect a secretary who shall constitute a quorum.

20. Election of Editors.—(a) Each class of every faculty (except freshmen classes) shall elect two of their members to the Editors.

(b) Any member of the second, third, fourth and fifth years may be elected an Editor by the News Board after he has completed at least three (3) weeks' work on the Daily.

21. Election of Reporters.—Reporters shall be: (a) Six (6) men elected from First Year Arts, three (3) from First Year Science and two (2) from the First Year Medicine.

(b) Freshmen volunteers and those members of the Staff who have not been elected Editors.

22. Term of Office of the Editors and Reporters.—(a) Classes of the University shall elect Editors to take office on the 1st of March and these men shall continue in office at least until the end of the publication of the next year's Daily.

(b) Freshmen classes shall elect the Reporters to take office not later than two weeks after the opening of college, to hold office at least until the end of publication of that year's Daily.

23. Duties of the Editors and Reporters.—(a) Each Editor will be required to give at least one night a week and two hours of one afternoon a week to aid in the production of the paper.

(b) Each reporter will be required to give at least one night a week and two hours of one afternoon a week to aid in the production of the paper.

24. Penalties.—An Editor or a Reporter may be required to resign from the Daily and (if elected from a class) to his class if after due consideration of his work it is deemed unsatisfactory by the News Board.

25. Amendments.—Amendments to the Constitution shall be made only by a two-thirds (2/3) majority at a meeting of the Staff with the approval of the Students' Council. Amendments may be made also by a majority vote of the said Council.

26. The Daily Staff shall consist of the following: Editor-in-chief, Managing Editor, News Board, Editors and Reporters.

Things Theatrical

THE IMPERIAL

Max Figman will be seen on the screen of the Imperial on Monday and Tuesday next week as John Ross in "The Truth Wagon." Mr. Figman scored a notable success when the play was first produced on Broadway last season. The film, which is labeled a brilliant comedy-drama of newspaper life, love and politics, is from the play by Hadden and Abbot. The play is founded upon the sober truth, to use the words of the author, and deals with political conditions, the bridling of the public press, and takes for its leading character a son of a rich father, who wastes his own time and his dad's money playing practical jokes on other people.

But when he buys "The Truth," a newspaper on its last legs and proceeds to publish the unvarnished facts in every instance, he finds that the joke is on himself, and through five reels he is kept busy.

First, he smashes his own father's political aspirations, then he knocks the bottom out of Tammany Hall, and ends up his novel experiences as the blushing husband of the daughter of the man whom he has elevated to the Governorship of New York State.

This is the best thing that Mr. Figman has yet done on the screen. Miss Lolita Robertson ably supports the star and must not be forgotten as her work is excellent throughout.

Pathe News No. 20, and other pictures of the one reel variety will be added to complete a good programme.

"The New Wizard of Oz," to be shown here. Our old friends, the Scarecrow and the Tin Woodman, are to pay us another visit. This time it will be on the film, for they could not withstand the temptation of becoming movie actors. In this film, which will be the special attraction on Wednesday and Thursday at The Imperial, we will see our friends in a chapter of their lives which has never yet been divulged. Their grotesque and marvellous adventures in the land of Oz, where they overturn the throne of King Krewl, and finally end their exploits by the Scarecrow being crowned King, is a tale in the telling of which there is not a dull moment.

We advise every friend of this famous trio, Dorothy, the Scarecrow and the Tin Woodman, to see the picture early so that they will be sure of a seat.

Pathe News No. 21, George Ade's Fables, and other one reel subjects will also be shown.

Charles Chaplin, the world-renowned comedian, whom the management fully expected to announce for next week, is unable to do so with any degree of accuracy, as the producing company, up to going to press, had not made a definite date for his production. However, there is a bare possibility that he will appear next Thursday, Friday and Saturday.

Musical specialties next week will include the American Trumpeters, Captain Dan Tourjee and daughters, in a refined musical novelty, featuring Miss Grace Tourjee, cellist.

Miss Wilson, soprano, and Mr. O'Reilly, tenor, have been re-engaged for another week.

THE COLONIAL

The programme for to-day at The Colonial contains two good two-reel dramas in "Her Husband's Son," by the Edison Company, and "The Turdy Cannon Ball," by the Vitaphone Company, as well as a George Ade's Fable and the Keystone Comedy, "His Second Childhood." Then on Sunday and Monday there is a three-reel Essanay drama, featuring Francis X. Bushman in "Stars Thru Course Change," Keystone Comedy, "Hogan's Wild Cats," and the Mutual Gazette. The feature to be presented on Tuesday, Wednesday and Thursday is "Are They Born or Made?" being the startling revelations of the tragic incident that shaped the career of Andy Andrews. An "inside" story of politics and crime, by Jack Rose, Editor of the Montreal Star, which will be shown on Friday.

Mr. Rose has preached a sermon on a vital question more powerful than I have ever heard from any pulpit by any preacher.

After a good discussion, refreshments were served, and all went away with the feeling of having spent a most enjoyable evening, which they would not soon forget.

be within the first two weeks of the opening of college, and the annual meeting to be held some time during March, after the election of the News Board.

25. Quorum.—Two-thirds (2/3) of the members of the Staff shall constitute a quorum.

26. Election of Editors.—(a) Each class of every faculty (except freshmen classes) shall elect two of their members to the Editors.

(b) Any member of the second, third, fourth and fifth years may be elected an Editor by the News Board after he has completed at least three (3) weeks' work on the Daily.

27. Election of Reporters.—Reporters shall be: (a) Six (6) men elected from First Year Arts, three (3) from First Year Science and two (2) from the First Year Medicine.

(b) Freshmen volunteers and those members of the Staff who have not been elected Editors.

28. Term of Office of the Editors and Reporters.—(a) Classes of the University shall elect Editors to take office on the 1st of March and these men shall continue in office at least until the end of the publication of the next year's Daily.

(b) Freshmen classes shall elect the Reporters to take office not later than two weeks after the opening of college, to hold office at least until the end of publication of that year's Daily.

29. Duties of the Editors and Reporters.—(a) Each Editor will be required to give at least one night a week and two hours of one afternoon a week to aid in the production of the paper.

(b) Each reporter will be required to give at least one night a week and two hours of one afternoon a week to aid in the production of the paper.

30. Penalties.—An Editor or a Reporter may be required to resign from the Daily and (if elected from a class) to his class if after due consideration of his work it is deemed unsatisfactory by the News Board.

31. Amendments.—Amendments to the Constitution shall be made only by a two-thirds (2/3) majority at a meeting of the Staff with the approval of the Students' Council. Amendments may be made also by a majority vote of the said Council.

32. The Daily Staff shall consist of the following: Editor-in-chief, Managing Editor, News Board, Editors and Reporters.

33. The Daily Staff shall consist of the following: Editor-in-chief, Managing Editor, News Board, Editors and Reporters.

34. The Daily Staff shall consist of the following: Editor-in-chief, Managing Editor, News Board, Editors and Reporters.

35. The Daily Staff shall consist of the following: Editor-in-chief, Managing Editor, News Board, Editors and Reporters.

36. The Daily Staff shall consist of the following: Editor-in-chief, Managing Editor, News Board, Editors and Reporters.

Election of Officers For Major Clubs

Few Present at the Regular Meeting Held in Union Last Night

Last evening the annual meeting of the major athletic clubs, namely, the hockey, track and field, and the McGill Union. As usual the attendance was very poor, only about thirty present and of that number only three quarters were already officers in one or other of the clubs. It is to be remembered that every man in the university is a member of these several associations, and that it is up to every one to turn out to at least this one annual meeting and cast his vote.

Twenty-four officers in all were filled, and all but one by acclamation. The only officer for which there was any competition was the vice-presidency of the track club. Don Smitzer and Bill Gerrie were nominated, the position falling to Gerrie. Another noteworthy fact is that with the exception of the presidents only five other of the men who were elected were present.

The first meeting was that of the hockey club. After the minutes of the last meeting had been read and adopted and the secretary's report and financial statement had been received, President Laine introduced the new President Herb W. Jeffrey, who then proceeded to the election of officers for the ensuing year, which resulted as follows:

Hon. President—Geo. C. Macdonald.
Hon. Treasurer—S. C. McEwen.
President—Herb Woolatt, '15.
Vice-President—"Red" McLean, '17.
Secretary—W. Jeffrey, '17.
Treasurer—Art Brown, '16.
Science Rep.—F. G. Routhwaite, '16.
Arts Rep.—G. Major, '17.
Medicine Rep.—J. Fawcett, '18.
Law Rep.—Pat. Kennedy, '17.
After the new constitution had been adopted the meeting adjourned.

Carson Kendall then read the minutes of the last annual meeting of the Hockey Club. Mr. Melville read and commented upon financial statement. This was followed by the report of the past secretary, who was then introduced to the new office of president by ex-President Montgomery. The election of officers for the coming year resulted as follows:

Hon. President—Dr. L. H. Roberts.
President—C. Kendall, '16.
Vice-President—Eric Parsons, '17.
Secretary—"Len" Rainbird, '17.
Treasurer—"Terry" Hall, '16.
Science Rep.—Andrews, '18.
Arts Rep.—T. Ritchie, '17.
Medicine Rep.—D. E. Ross, '18.
Law Rep.—Hackett, '17.

Mr. Lamb then moved a vote of thanks to Dr. Roberts, who has spent so much time and energy in the coaching of the hockey team during the past season. The revised constitution was adopted and the meeting adjourned.

Eric Cushing, ex-President of the Track Club, then spoke of the successes of the track team during the past season, commenting on the fact that the last time the Red and White won the intercollegiate championship the team was composed chiefly of seniors, whereas last year the honour fell to the sophomore year, thus leaving good prospects for the coming season.

Mr. Hillier then read the minutes of the last annual meeting of the Track Club. These were adopted and the secretary's report received. President Dan Sutherland then took the chair and proceeded to the election of officers, which are:

Hon. President—Dr. Macmillan.
Hon. Treasurer—A. Lamb, '16.
President—D. M. Sutherland, '17.
Vice-President—W. H. Gerrie, '17.
Sec.—Treas.—Hugh Crombie, '17.
The revised constitution was then adopted and the meeting adjourned.

ST. MICHAELS WIN FROM ALL-STARS IN A CLOSE GAME

Both Teams Showed Good Style and Played Hard Final Score 8-6

The team of stars selected with a view to beating St. Michael's in an exhibition game at the Arena on Thursday night were not equal to the task. The Irishmen won by 8 to 6, but not until they had battled hard from end to end and in every period. One would have thought that there was a championship at stake. Both teams employed decidedly more vim and dash than is usual in exhibition contests, and the fair-sized crowd of spectators witnessed a pleasing game.

The score was always close, neither team being more than one goal ahead of the other until the final minute of the game, when Rankin scored twice and made the final count 8 to 6. It was a matter of satisfaction to St. Michael's and their friends that the last local appearance of several of the stars of that great team, several times champions of the O.H.A., and winners of the Allan Cup, should result in a victory over a seven as good as that which lined up against them last night.

It was the farewell of Lafamme, Richardson, Rankin and probably Disette and McCamus. Disette received an accidental cut on the forehead in the first three minutes of play and retired in favor of Rankin, who furnished a surprising good

PRESIDENT SUSPENDER
NONE SO EASY
Made in Canada

McGILL'S ACTIVITIES IN SPORT REPORTED AT ANNUAL MEETING

Twelve Men Suspended From Athletics for not Complying to Examination Rule—Universal Ballot Held for Higher Offices

Gentlemen.—Twenty meetings of the Athletic Association were held during the session. McGill teams were successful in capturing the following championships: Track, Tennis, Rifle, Boxing, Wrestling, Fencing, Swimming, Water Polo, and Basketball. The B. V. and F. championship is questioned by Toronto.

The Athletic Association Constitution and Badge rules have been thoroughly revised and brought up to date. The changes made by the executive were approved by the Association and later presented to the Athletic Committee of Corporation for their approval. Perhaps the most important change was rules governing the enforcement of the University regulations regarding the physical examination of students participating in athletics. A special card system was introduced by which the various club managers reported to the president of the A.A. every day before the contest occurred, all means of possible players. This enabled a check to be made upon the men who did not meet requirements, and control was therefore simplified and made much more effective.

A considerable number of suspensions were made for not complying with the examination rule. Some men were reinstated but there are at present about twelve men under suspension. One case was reported to the Athletic Committee Corporation in which, regardless of caution, in direct defiance of the examination rule, and defiance of sanction refusal, a man continued to play on an outside team. A scheme was approved by all parties concerned so that instead of individual and sometimes poorly representative elections, a universal ballot should be held for the following officers: President of Council, Athletic Association Union, Rugby, Hockey and Track Clubs.

Lack of continuity on the A.A. was considered a serious handicap and steps were therefore taken so that the president of the Soccer, Tennis, English Rugby and Hockey Clubs should be elected immediately after their playing season. These men would then hold office from January 1st for one year.

Arrangements have been made with the Students' Council to have the revised Constitution printed immediately. A system of athletic registration was introduced for men entering the University for the first time, this was done primarily for the purpose of getting candidates out for the autumn sports.

YALE FIVE NOW LEADING LEAGUE AT BASKETBALL

Princeton Loses Tie For First Place to Yale Men in Fast Game

The Yale varsity basketball team is to-day holding first place in the championship race of the Intercollegiate Basketball League for 1915 and should the Blue defeat Dartmouth here Friday, as now seems certain, Capt. E. J. Stackpole and his men will capture the championship which was held in 1914 by Cornell and Columbia.

Yale took undisputed possession of the leadership Tuesday evening when the fast Blue five defeated Princeton in the New Haven gymnasium by a score of 20 to 17. The game began with a rush, Arnold caging the first goal in less than five seconds on a quick pass from centre. Welner, who was in Captain Stackpole's place, scored the second goal, giving Yale a 4 to 0 lead. Haas and Jackson evened up the score with field goals, and then Princeton led 5 to 4, with the help of a foul goal. In the closing minutes of the first half Arnold and Taft scored for Yale, the latter after dribbling the ball the length of the floor. The early part of the second half was all Princeton's. The Tigers passed prettily and seemed to have Yale unable to follow their play. Their tries for goal often went astray, however, or they would have opened up a long lead. In this half Kinney scored the most brilliant goal of the game on a long one-handed shot just as he was being jammed out of bounds. His play was steady throughout, and with Arnold he was the leader in the Yale attack.

Arnold played a spectacular and aggressive game, but missed many chances from the foul line. The two teams played a radically different style of game, Princeton depending on long shots whenever chances offered, while Yale tried to work the ball well into Princeton territory before trying for goals.

College Basketball Standing.			
	W.	L.	P.C.
Yale	7	2	.777
Cornell	7	3	.700
Princeton	6	3	.666
Columbia	5	4	.555
Pennsylvania	3	7	.300
Dartmouth	0	9	.000

game. He has benefited from his rest, and displayed speed and scoring ability. Merrick also shone, and will be a valuable man for next season's team. Laird played a brilliant game in goal. The team will disband after a trip to New York to play Hobey Baker's St. Nicholas seven.

"Bud" McLean also experienced a new lease of life. His work on defence was very good. He did not play all of the game, making way for Denison. Applegate was the star of the contest. Parkes also did very well and Watson of St. Andrew's College, was good when he got started, which was not until near the end. The teams:

St. Michael's—Goal, Laird; defence, Disette, Merrick and Murphy; rover, Rankin; centre, Lafamme; right, Richardson; left, McCamus.
All-Stars—Goal, Gilbert; defence, Hunter, McLean and Denison; rover, Parkes; centre, Watson; right, Applegate; left, Dopp.
Referee—Lou Marsh.

A design for a certificate to be presented with each Major Block "M" was approved; these are in the printer's hands and will soon be ready for distribution.

In order to have a ready means of reference to all athletic badge winners, an official record book was secured in which the winner's name, the sport, the grade of letter granted and the date are entered.

The question of the participation of theological students in university athletics has been satisfactorily settled by conference with the A.A. of the aggrieved college in which there is to be observation of the rules regarding sanction and medical examination. Individual sanctions to play with outside athletic clubs have been granted in cases where there was no interference with University athletics. Teams have also been granted similar privileges, e.g., the Hockey Club's entry into the City League from which a profit of \$100 was realized.

The association thought it unwise at the present time to favor the entry of Ottawa College and Western University into the C.I.A.U. The application of the Sid Club for admission to the A.A. was refused.

The association appointed representatives to the C.I.A.U. meeting in December, 1914, at which the question of the jurisdiction of that body was raised. The association feels that a representative body as far removed from the influence of student opinion as possible, e.g., The Board of Governors of the C.I.A.U. is the only solution to questions of disciplining un-sportsmanlike conduct in intercollegiate contests.

Dr. James Naismith '87, the inventor of basketball, and at present a most prominent man in collegiate athletics, was granted a large block "M" for special merit.

No fines have been levied on the association through negligence in observance of intercollegiate rulings. Throughout the year every effort has been made to have the rules and regulations governing athletics meet the present conditions and to see that the conduct of all university athletics conformed to these rulings. The association feels that it is only by the strict observance of these rules that our collegiate athletics can be conducted in a satisfactory and sportsmanlike manner.

Respectfully submitted,
ARTHUR S. LAMB, President.
Read at the Annual Meeting of the A.A., March 12, 1915.

COLUMBIA IS FOR RESTRICTED FOOTBALL PLAY

Students Vote for Restoration of Game in a Limited Way

Columbia University undergraduates are to-day confident that football will be played in a limited form next fall at their college following the mass meeting held in University hall Wednesday evening. After an hour of open discussion as to whether the undergraduates want the game restored under the limitations imposed by the university committee on student organizations the students voted to accept the scheme which bars Yale, Harvard, Princeton, Cornell and Pennsylvania for a period of five years and limits those eligible to play to Columbia College.

University hall was filled to the doors. The motion was not carried unanimously, four prominent undergraduates voting against the approximately 600 for it.

The only distinct opposition to the movement for the restoration of the gridiron game aside from the group of four undergraduates was that of Prof. John Erskine, head of the English department and chairman of the college committee that President Butler appointed to make a report on the subject to the university council so that it can make public its final decision by April 20.

Mr. Erskine said that the enthusiasm which was so much in evidence was not conclusive of anything more than passing interest. The crew rally last year brought out but few candidates, he added, and the football rally would probably fall as flat before a year elapsed.

Queens Are Now City Champions

They Defeated Frontenacs, of Kingston, After a Very Hard Game

Queen's defeated the Senior Frontenacs on Friday by 4 goals to 3. This game decides the city championship. It was a fast, clean exhibition of hockey. The teams were very evenly matched. It was the best hockey game seen here since the Queen's vs. Victoria game.

The scoring began after twelve minutes of play, when Fleming tallied for Queen's. Seven minutes later, Crawford put one past Smith and tied the score. When they resumed in the second period, Rappelle did the trick in three minutes, but in a short time, Frontenacs, through Terry Millan, evened up.

The third period saw Queen's get two goals through Purvis and Rappelle. Although Frontenacs scored one goal in this period and at the close of the game, were going in whirlwind fashion, they were unable to tie the score.

The Queen's players who shone were Smith, Dobson and Rappelle. Smith has played his position consistently all through the season and while letting in goals occasionally, as all goal-keepers must, his work has been excellent. Dobson is known as a hard worker as well as a brilliant hockey

Harvard quad Is Defeated by Yale Wrestlers

Crimson Mat Artists Are Out-classed by Yale Men Who Lose Only One Bout

Yale undergraduates are to-day much pleased at the 13 to 4 victory over Harvard in the annual wrestling meet at New Haven Wednesday evening. Harvard started by gaining a decision in the first bout, but after that the best the Crimson could get was two draws, while Yale won three bouts on falls, Latimer, McIntyre and Bairdridge scoring them.

Bairdridge, the giant freshman tackle, won his bout in a little over 2 minutes, winning on a head lock and a waist hold. The bout between Holmes, Yale, and Deward, Harvard, in the 119-pound class, was one of the best. The men were almost evenly matched, but the little Harvard athlete was the more aggressive and scored a decision on points.

Donaldson and Davidson followed with a hard-fought draw, but in the third bout Latimer scored over Carter, after 3m. 33s. of work, winning on a back over head and croch. McIntyre of Yale, won the next bout equally decisively. In the 162-pound class, Smith and Weatherhead drew in a bout in which each just missed scoring a fall. The summary:

119-pound class—Deward, Harvard, won from Holmes, Yale, on a decision.
129-pound class—Donaldson, Yale, wrestled to a draw with Davidson, Harvard.

139-pound class—Latimer, Yale, won from Carter, Harvard, on a fall. Time, 3m. 33s.

149-pound class—McIntyre, Yale, won from Hull, Harvard, on a fall. Time, 3m. 18 2-5 s.

162-pound class—Lowry, Yale, won from Brennan, Harvard, on a decision.
176-pound class—Smith, Yale, wrestled to a draw with Weatherhead, Harvard.

Heavyweight class—Bairdridge, Yale, won from Cooke, Harvard, on a fall. Time, 2m. 20s.

WICKSTEAD COMPETITION

The last practice for those competing for the Wickstead trophy will be held this afternoon in the Central Y. M. C. A. at 5 o'clock.

The finals will be held on Monday, March 15th, at 3 p.m.

Hanover, N. H., Former President Taft has opened here a series of three lectures on governmental affairs before the faculty and undergraduates of Dartmouth. The subject of the first talk was "The Presidency." Yesterday evening Mr. Taft spoke on "The Signs of the Times," and the topic of the last address, this evening, will be "Popular Government and the Supreme Court."

player. He is probably the most marked man in intercollegiate hockey to-day. To render Dobson ineffective is considered to be a good evening's work for two hockey players. This was particularly noticeable in the Queen's vs. Varsity match. It is with great regret that we learn of Dobson's decision to play no more hockey.

Rappelle is a player who has made good in the intercollegiate. At the beginning of the season he had to work like a horse for his place. But even when that place was secured there was no let up in his work. It has been no flash in the pan. A fast skater, beautiful stickhandler and a good goal-getter, he has been a valuable asset to Queen's this year.

Goddard and White made a defence that had no superiors in the league. The Frontenacs have a well-balanced team this year and judging from their display against Queen's, it is surprising that they did not go further in the O.H.A. competition.

Correspondence

The Daily is not responsible for the sentiments of letters published in the correspondence column. Signed communications from graduates undergraduates and members of the Faculty will be placed in print if they are not too long.

Correspondents are requested to observe the unwritten law of the newspaper office—that they write upon ONE side of the paper ONLY.

A CORRECTION.

To the Editor, McGill Daily:
Sir,—Permit me to make a correction in the report of the proceedings of the last meeting of the Philosophical Society which is contained in your issue of to-day. In it I am made to say, "that the military atmosphere prevailing at McGill this year had cast a depression over almost every branch of activity."

I am not aware of having made such a sweeping statement, which might, in addition, suggest a view that I do not uphold. The greater interest taken by students in military matters in a time like the present, is both natural and desirable. I referred to this predominant interest as tending to diminish the interest that students in the Faculty of Arts might otherwise display in the activities of the various University societies, and hence inferred that this fact rendered all the more creditable the ability of the executive of the Philosophical Society to carry through successfully the full programme of the season.

I remain,
Yours etc.,
J. W. A. HICKSON.

March 12, 1915.

Royal Naval College of Canada.

THE next examination for the entry of Naval Cadets, will be held at the examination centres of the Civil Service Commission in May, 1915, successful candidates joining the College on or about 1st August. Applications for entry will be received up to 15th April by the Secretary, Civil Service Commission, Ottawa, from whom blank entry forms can now be obtained.

Candidates for the examination in May next must be between the ages of fourteen and sixteen on the 1st July, 1915.

Further details can be obtained on application to the undersigned.
G. J. DESBARATS,
Deputy Minister of the Naval Service, Department of the Naval Service, Ottawa, January 8th, 1915.

War Summary

These Articles Are Specially Written for the McGill Daily and are Published Each Day.

BELGIUM

The Belgium army has met with success on the northern end of the battle front, having advanced over 500 metres in the direction of Schootakke. East of Ypres a heavy artillery duel has been fought between the British and German gunners.

FRANCE

Berlin admits the capture of Neuve Chappelle by the British troops and London states that the British captured trenches extending over a front of 4,000 yards and 1,200 yards beyond the enemy's advanced trenches. Along the remainder of the Western front there is comparative quiet.

RUSSIA

About a million men are engaged in the latest battle that has started along the East Prussian border over a front of eighty miles. The siege of Osowetz continues. East of Suwalki, in northern Poland the Germans are on the defensive. Owing to the active offensive of the Allies on the western front, it is likely that the German army in Russia will be decreased to meet this new attack and this will give the Russians a chance to advance into Prussia. In the Carpathians no important developments have taken place.

TURKEY

The French War Office has admitted that an expeditionary force is en route for Turkey and that General D'Amande will assume command. It is thought that British troops compose part of this force. The bombardment of the Dardanelles forts continues and the resistance is reported to be weakening. The Commander of Smyrna has refused the demand for surrender and the British fleet has resumed the bombardment. The British fleet here has been reinforced by two French warships.

GENERAL

Unofficial reports from Washington state that the German cruiser now at Newport News will be interned. Another German submarine was sunk by a trawler in the North Sea yesterday. German airships are now aiding in the attempt to blockade the English coast.

REGIMENTAL BAND

The Band will turn out for Parade this afternoon at 2 o'clock sharp at Strathcona Hall.

G. W. RYAN,
Drum-Major

MOUNTS FOR MOUNTED RIFLES ARE ARRIVING

Several McGill students have found their way into the ranks of the Sherbrooke Mounted Rifles. Their many chums around college will be pleased to know that they are enjoying the glorious life of soldiers. The McGill men are determined to master the minute details of their new vocation, and already promotions are on their way. Private C. J. Steward, 4th year medicine, has been appointed provisional corporal.

The seven horses who have so nobly endured the solitude of the stables at the camp of the Fifth Mounted Rifles have been reinforced this afternoon by the arrival of fifty mounts from St. John's, Que. Now that the horses have commenced to arrive, it will probably not be long before the whole number required put in an appearance.

REGIMENT NEARLY COMPLETE
There are now over 500 officers and men in the camp. Only a few more recruits are necessary to bring the corps up to the full strength. It is expected that in a few days the full complement of men will have been obtained.

GOOD BILL OF HEALTH
The health of all ranks is excellent. The few men who were suffering from colds owing to the vagaries of the weather are fast recovering, and Private Savage, who was reported as seriously ill, is gaining strength.

FORMATION OF ORCHESTRA
An orchestra consisting of string and wind instruments is being organized. The Mounted Rifles can boast of considerable instrumental and vocal ability among its members, and this will probably be demonstrated in the near future.

THE CAMP POST OFFICE
The sub-post office in the recreation hall commenced operations this morning, when the first distribution of mail took place. A private fetches the mail from the general post office and on arrival at the camp it is sorted and delivered to the orderly sergeant of each squadron for distribution to the men. There are two deliveries per day, at 12 noon and 4.30 p.m.

The outgoing mail box is cleared at 8.15 a.m., 1 p.m., and 7 p.m. Postal notes and stamps are sold and the usual business comprised in the routine of a sub-station is transacted. The office is in charge of Sergeant Crochetiere of the Canadian Postal Corps.

'B' Company

Equipment to be Returned to Quartermaster's Stores

There are still a number of men who have not returned their ski caps and moccasins to Battalion stores, C.O.T.C. Bldg. All these must be in by Saturday, March 13th. An immediate return of these articles will greatly facilitate the work of the Quartermaster's Department.

Those who have resigned from the Battalion and have equipment belonging to the Regiment also take note and return these stores without delay. Mackinaws, uniforms, etc.

Hours for return: Every day but Saturday, 2 to 6.30 and 8 to 9.30. Saturday, 12 to 6.30.

NOTICE

Signallers having snowshoes belonging to the McGill C.O.T.C. are requested to bring them to the C.O.T.C. Armoury to-day at 2 p.m.

D. H. MACFARLANE,
Lieutenant.

DARTMOUTH UNDERGRADS. MOUNTAIN CLIMBING.

Twenty-five Dartmouth Undergraduates and four professors are taking part in the Dartmouth Outing Club's fifth annual trip to Mt. Washington. The party detained at Gorham, N.H., and proceeded to their headquarters at the Glen House.

Ropes, picks, alpenstocks, creepers and all the other accoutrements of serious mountain work are being used. Skis and snowshoes will carry the adventurous collegians up the carriage road as far as the Halfway House, where creepers will be substituted for the last three miles above the tree line.

—From Sherbrooke Daily Record.

THE BATTALION PARADES FOR INSPECTION BY THE DUKE OF CONNAUGHT ON MARCH 23

The Battalion will parade to-day at 2.15 p.m. at the old High School Building, Metcalf street, and from there will proceed to Fletcher's Field. In addition to field manoeuvres, it is the intention to have an inspection of the battalion by Lieut.-Col. Robert Starke. It is therefore requested that everyone turn out and also that everyone be in full uniform. The band will be in attendance and from all appearances the weather promises to be ideal. To some, no doubt, the parade to Fletcher's Field comes as a pleasant change from the tramp to the hunt club, and the extra squad and musketry drill ought to put on a few finishing touches where needed.

HARVARD'S HOSPITAL UNIT SOON TO SAIL

The Harvard University Unit for service at the American Ambulance Hospital in Paris will leave March 17, bound for Gibraltar and the war. This unit of 17 members will relieve the doctors and nurses from the Western Reserve Medical School of Cleveland, whose assignment closes on March 31. They have served three months, and the University group will work an equal time, till June 30. After that date the next quarter will be filled with a unit from the University of Chicago, the University of Pennsylvania, or Johns Hopkins.

The southern route to Paris was chosen in order to avoid trouble in the English channel and to facilitate the trip. Much depends upon the promptness of arrival of the men and women who are to go, for the work at the hospital must not be interrupted. The supply of wounded seems inexhaustible.

Dr. George W. Crile of the Western Reserve Medical School, who was in charge of the party from that institution and who has returned in advance of his group, has stated that the experience to be gained in the service is of remarkable value. Battle wounds and the nervous ailments caused by the ordeals at the front offer fields for investigation and a few surgeons are ever able to enter.

The men and women who leave next week go fundamentally to help in relieving the distress of the wounded, but they also seek eagerly for the opportunity to learn from this school of experience. There are 150 beds in the hospital, of which 150 will be under the care of the University group. The other 300 beds are attended by local surgeons of Paris.

In charge of the University Unit will be H. Cushing '95, M.D., A.M., Moseley professor of surgery, as head surgeon, and R. B. Greenough '92, assistant professor of surgery, as surgeon and executive officer. Others as officially announced include R. P. Strong, professor of Tropical medicine, bacteriologist; R. B. Osmond, M.D., '99, instructor in Orthopedics, orthopedic surgeon; B. Vincent '98, assistant in surgery; assistant surgeon; W. M. Boothby '02, lecturer in anaesthesia, anaesthetist; F. A. Collier '12, M.D., E. C. Cutler '13, M.D., F. D. Wilson, and M. N. Smith Peterson '14, M.D., resident surgeons; L. G. Barton, Jr. '12, M.D., surgical assistant.

SENIOR PLAY COMMITTEE.

The second meeting of the Senior Play Committee took place last evening in the R.V.C. It was definitely decided to put on an 18th or early 19th century play. The proposal of forming a dramatic club was brought up and it was decided to take a vote in the matter in the different years in Arts. The next meeting of the committee will take place Thursday, March 18th at 8 p.m.

MACHINE GUN SECTION

The Machine Gun Section will parade at 2 p.m. at C.O.T.C. headquarters, Joseph House, to-day.

G. S. S. GORDON,
Asst. Musketry Instructor.

Sir James Donaldson, vice-chancellor of the University of St. Andrew's, and principal of the United College of Saint Salvador and Saint Leonard, is dead, at the age of 84 years.

Sir James Donaldson was one of the widely known educators of Great Britain. He was knighted by King Edward in 1907.

Sir James was one of the first to endorse so-called spelling reform and at a meeting of the British Association for the Advancement of Science in 1912, he made strong plea for the adoption of the phonetic system.

MUSKETRY INSTRUCTION

There will be no Aiming Instruction during the week ending March 20. Shooting will only be continued for those who have partially qualified in Shooting or have already taken Aiming Instruction. This will be the last opportunity to qualify in Musketry.

Time—7 p.m., at C.O.T.C. Headquarters, Joseph House, each night.

Monday: "B" Co. Tues.: "D" Co. Thurs.: "A" Co. Fri.: "C" Co.

It should be pointed out that all men of the Second Year in the C.O.T.C., especially those who are taking the Lieutenant's examinations, must have qualified twice in Musketry in order to be efficient.

(Musketry instructors will kindly obtain a copy of Monday's Daily for information.)

ACT QUICKLY!

Take NA-DRU-CO SYRUP OF Linseed, Licorice & Chlorodyne

A sudden chill—a dry, burning sensation in the nasal passages—a stuffed up feeling in the bronchial tubes—a pain in the chest—any of these warnings demand instant action.

One of the first things to do is to take Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne. It checks the inflammation, allays the fever, promotes expectoration, loosens the cough, and starts you on the road to recovery.

Keep a 25c. or 50c. bottle in the medicine chest. It is a reliable first aid, and a safe one, as it is free from any harmful ingredients.

DEPARTMENT OF MINES

GEOLOGICAL SURVEY.

PUBLICATIONS

The Geological Survey has published maps and reports dealing with a large part of Canada, with many local areas and special subjects.

A catalogue of publications will be sent free to any applicant. Most of the older reports are out of print, but they may usually be found in public libraries, libraries of the Canadian Mining Institute, etc.

REPORTS RECENTLY ISSUED:

- 1055. CANADA. Descriptive Sketch of the Geology and Economic Minerals of Canada. Accompanied by a geological and mineral map of Canada, by G. A. Young and R. W. Brock.
- 1165. NEW BRUNSWICK AND NOVA SCOTIA. Memoir No. 15. Bathurst District. New Brunswick, by G. A. Young. Maps not yet published.
- 1186. QUEBEC. Memoir No. 35. Reconnaissance along the National Transcontinental Railway in Southern Quebec, by John A. Drosser.
- 1160. ONTARIO. Memoir No. 17. Larder Lake District, Ont., and adjoining Portions of Pontiac County, Quebec, by Morley E. Wilson.
- 1242. ONTARIO. Memoir No. 33. Geology of Gowganda Mining Division, by W. H. Collins.
- 1204. NORTH WEST PROVINCES. Memoir No. 24. Preliminary Report on the Clay and Shale Deposits of the Western Provinces, by Heinrich Ries and Joseph Koelle.
- 1220. NORTH WEST PROVINCES. Memoir No. 29. Oil and gas prospects of the Northwest Provinces of Canada, by Wyatt Malcolm. Map not yet published.
- 1175. BRITISH COLUMBIA. Memoir No. 21. The Geology and Ore Deposits of Phoenix, Boundary District, B.C., by O. E. LeRoy.
- 1228. YUKON AND NORTHWEST TERRITORIES. Memoir No. 31. Western District, Yukon Territory, by D. D. Cairnes. Maps not yet published.

MAPS RECENTLY ISSUED:

- 1142. CANADA. Mineral Map of Canada. Scale 100 miles to 1 inch.
- 2077. Map 91A. Geological Map of the Dominion of Canada and Newfoundland. Scale 100 miles to 1 inch.
- 1133. NOVA SCOTIA. Map 13A. Kingsport sheet, Nova Scotia, No. 84. Scale 1 mile to 1 inch.
- 1203. Map 53A. Southeast Nova Scotia. Scale 4 miles to 1 inch.
- 1181. NEW BRUNSWICK. Map 35A. Reconnaissance Map of Parts of Albert and Westmoreland Counties, N.B. Geology and topography. Scale 1 mile to 1 inch.
- 1178. QUEBEC. Map 32A. Larder Lake and Opasatika Lake, Nipissing, Abitibi and Pontiac, Ontario and Quebec. Geological. Scale 2 miles to 1 inch.
- 730. ONTARIO. Greenville Sheet. Parts of Counties of Ottawa, Argenteuil, Terrebonne, Two Mountains and Vaudreuil, Quebec and Carleton, Prescott and Glenora, Ontario. Geology. Scale 4 miles to 1 inch. Reprint.
- 1177. Map 31A. Larder Lake, Nipissing District, Ontario. Geology. Scale 1 mile to 1 inch.
- 1244. Map 64A. Advance Geological Copy of Map of Gowganda Mining Division and vicinity. Scale 1 mile to 1 inch.
- 1132. ALBERTA. Map No. 7A. Bishop Coal Area, Alberta, by G. Malloch. Scale 2 miles to 1 inch.
- 1260-1276. BRITISH COLUMBIA. Maps 74A-90A. Geology of the Forty-ninth Parallel. Geology and Topography of the International Boundary, between British Columbia and the United States. Scale 1 mile to 1 inch, contour interval 100 feet.
- 1237. Map 92A. Nelson and vicinity, British Columbia. Geology and Topography. Scale 1 mile to 1 inch.
- 1089. YUKON AND NORTHWEST TERRITORIES. Map 9A. Explored Routes on parts of the Albany, Severn and Winkler Rivers. Scale 8 miles to 1 inch.

NOTE—Maps published within the last two years may be had, printed on linen, for field use. A charge of ten cent is made for maps on linen.

Communications should be addressed to THE DIRECTOR, GEOLOGICAL SURVEY, OTTAWA.

What the Termination of War Will Mean to Canada

Have you considered the benefits which will accrue to Canada after peace terms have been consummated?

Canada is on the eve of the greatest development and growth in her history.

Losses amounting to billions of dollars worth of property have resulted from the war.

This destruction will have to be replaced, and, naturally, the countries that have contributed their quota in men, arms, money and ammunition to the support of the Allies, will, other things being equal, get the preference for foods, building materials and other requirements.

Have you considered what the value of peace terms will mean to Canada?

Mills and factories will be working overtime, workmen of all classes will be receiving large wages—the demand for workmen will be the greater than the supply.

All our industries will be busy, there will be a plentiful supply of money, prosperity will be everywhere in evidence, and everyone should be plentifully supplied with money.

The response which Canada has made to the calls of the Mother Country will live in the memory of Great Britain and her Allies, and advertise Canada as she has never been advertised before.

Every advertiser will benefit by this prosperity, but the great rewards will come to those who start their advertising now, and familiarize the public with their commodities.
